Rocky Point- Outback Mulch

Made from 100% untreated timber which was once destined for landfill. Outback Mulch is a vibrant coloured mulch to instantly enhance the look of your garden.. Outback Mulch is a long lasting, water saving and weed suppressing mulch ideal for improving your home garden.

Available in 50 L bags

Outback Mulch

All natural rusty tones and texture reflects Australia's red centre

Available in 50 L bags

Better Earth Selection System

Decorative

With its iron-rust colouring and rugged texture Rocky Point's Outback Mulch reflects Australia's red centre, and keeps plants nourished and protected from our harsh climate for up to 12 months.

Made from sustainably sourced timber this rusty toned mulch, which was once destined for landfill is now a natural way to accentuate your garden. Perfect for giving your garden that rich, natural, "outback" look.

Features & Benefits

- Insulates soils against extreme hot or cold temperature
- Coloured with long lasting colours to add a striking edge to your garden
- Colours lasts up to 12 months
- Suppresses weed growth
- Breaks down slowly

How to use

1. Remove all existing weeds from the area to be mulched.
2. If you are using Outback Mulch for the first time, you'll need to spread an even layer to a depth of 40-100 mm.
3. If you are re-mulching existing areas, you'll need to spread an even layer to a depth of 20-40 mm.
4. Ensure the mulch does not contact the stems of your plants.
5. Outback Mulch is packaged completely dry, so once spread, water in well to improve water retention and wind resistance.
